CITY ANALYST'S LABORATORY. 138, BATH STREET, GLASCOW, 13th March, 1891. FIRST QUARTERLY REPORT FOR 1891 ON ROBERT BROWN'S

"FOUR CROWN" BLEND OF SCOTCH WILISKY. I have made a minute and careful chemical analysis of a fair sample of several hundred casks of Robert Brown's "Four 'Crown " Blend of Scotch Whisky, taken by myself from the bonded stores in which the casks are lying, and the result of my analysis indicates that it is a pure Whisky, which has been matured for a considerable period in Sherry Casks, and from its mild and agreeable flavour I am of opinion that it is a very fine blend of Scotch Whisky.
